

Registration Form B

Slave devices for multi-device testing environment (Deadline: April 27, 2015)

Please print out this registration form and fax it to: +49 (0)7162 946866

Company Name: _____

Product Name: _____

Product Type: Slave(Drive) Slave (I/O) Other

Product Description: _____

Sercos version: V 1.1.1 V 1.1.2 V 1.3 V 1.3.1

Features supported: Redundancy Hot-Plug UCC ("NRT") C2C/CC

Profiles supported: FSP Drive FSP I/O FSP Encoder Other

Hardware used: Altera-FPGA Xilinx-FPGA netX Other

FPGA version used: _____

Power required: 240 V 400 V

Number of devices that will be made available.

I agree to provide the equipment and the relevant device configuration information during the run-up of the PlugFest so that different multi-device environments can be set-up.

I agree that the provided equipment remains with the testing laboratory for ongoing interoperability testing and future PlugFests.
